Last Updated Friday, 25 January 2008

Royal Mail today informed us of an upcoming price increase for paper docket users.

The minimum order value on paper posting cheques is due to increase from £5 to £20. There will also be a £1 handling fee for each paper posting cheque received, regardless of value.

The changes will be introduced on 7 April 2008.

To avoid the charge, we recommend setting up your own OBA account, or using RnB's. The minimum order for OBA will remain at £5 and there is no handling fee.
